Returning North with the Spring: Retracing the Journey of Naturalist Edwin Way Teale, Wednesday, Mar 29 at 7 pm, a NH Humanities presentation by John Harris cosponsored with Tamworth Conservation Commission. For four months in 1947, naturalist Edwin Way Teale followed the progress of spring from the Everglades to the summit of Mt. Washington. His best-selling book *North with the Spring* recounted his epic journey. In 2012, John Harris set out to retrace Teale's route, stopping at wild places on the same calendar date as Teale. Using Teale's journal notes and photographs, Harris examined and compared changes in the flora, fauna, and lives of the people along the way.

Tamworth Writers' Group meets Tues. 14th at 5:00. For more info: call Ed Martinez at 730-4482 or visit aboutwritingtamworth@gmail.com.
