

COOK MEMORIAL LIBRARY

October 2017

Did you know that...

- your library has a variety of services for families with children?
- your library offers access to technology besides computers and internet?
- your library reaches beyond its walls by collaborating with community organizations, delivering materials to shut-ins, visiting schools, sharing resources with other libraries?
- your library is a center for lifelong learning, and can direct you to materials and information to help you learn a new skill or explore new ideas?
- if you have an idea for a program/project for this community, we want to hear about it and help you make it happen.

Check out our new roof! Thanks, Tamworth!

Now open until 5:00 pm on Mondays! Cook Memorial Library Trustees voted to extend the library's Monday hours from 10-2 to **10-5**. This was in response to survey answers asking for more hours and also for the library to be more available to kids after school. This change is on a trial basis through the end of the year. Please let us know how this works for you!

Our next Nonfiction Book Group discussion will be on October 3 at 6:30 pm. This time, instead of discussing a single book, we'll discuss assorted books on the topic of race in the United States. Choose and read one recently published (2014-present) nonfiction book on the topic of race in the US. Find a selection on display at the library. Feel free to read more than one and plan to share a synopsis at the discussion.
