

Friends of CML Cabin Fever Book and Bake Sale

Have a great hot lunch – homemade soup or chili (\$6 for a bowl, \$4 for a cup, served with with Sunnyfield bread or cornbread) – stock up on books, movies, audios, and games, and bid on wonderful things from local artisans and fans at a silent auction, thereby helping the Friends of CML advance several projects here at the library.

Loft in the Children's Room: Come see the fantastic new construction above the book drop, where kids can climb and tuck up in fantasy and safety! Jon Beimel is making it real, with the assistance of his daughter, Larkin. Amy has been hoping for and dreaming of this as long as.... we've had the book drop! Many thanks to the Friends of CML for all their work and help.

Fiction has been reorganized: We moved all the paperbacks out of their back row location, and intershelved them with the hardcovers. You will see that everything has shifted, but you will also find that all the series we have are now shelved altogether.

Chess Club continues! Each Tuesday between 6:30 and 8:00 p.m.! All levels of players are welcome.

Standard 1040 Tax Forms are here: You can also find forms and schedules you need at <https://www.irs.gov/forms-instructions>. A good resource for tax questions and finding free tax preparation is NHTaxHelp.org.

Adventure Quest has a cadre of wild enthusiasts here. They are embarking on a new adventure: securing funding for more Questing. We think you will enjoy this phase of their adventure almost as much as they do, and hope you will consider supporting them with donations which will make it so. See us at 3/2 Farmers' Market!

DocuTalk: Chosen from a list of documentaries on PBS's POV series and followed by discussion led by Laura Hodgman. *Earthrise* (first images of earth from space) and *Joe's Violin* (91-year-old Holocaust survivor donates his violin to an instrument drive, changing the life of a 12-year-old schoolgirl from the Bronx and his own). Bring a snack or a lunch, if you wish.

Vernal Pools: It is about 0° and windy as we write this, and perhaps as you are reading it, too, but there will be vernal pools. Lynne Flaccus of Chocorua Lake Conservancy and Lucy Gatchell of Tamworth Conservation Commission will talk about them, and lovely salamanders, on Wed., March 20 at 7:00 p.m.

Ice Climbing the Himalayas: Local mountain climber, guide, and writer Nick Aiello-Popeo has spent countless winter days refining his technique in the White Mountains. In the fall of 2017, he and another young guide took their NH skills and attempted an unclimbed Himalayan giant: the 20,577-foot-tall Baihali Jot. Extreme, and mythical. Wed., March 27 at 7:00 p.m.

Tech Tuesdays as usual 1:00-2:00 p.m. and other times by appointment. Karen Vitek holds an evening Tech on First Tuesdays. If you are interested, she can offer another Tuesday from 6:30-7:45 p.m.
