

June Bugs
are also called
May Beetles.

Annual Perennial Plant Sale organized by the Friends of Cook Memorial Library and Carroll County Altrusa will be Saturday, June 3 from 9 am to 1 pm. Plants are all donated by local gardeners, making this a good place to find plants that will work in your garden. Raffle calendars will also be for sale, these offer a chance to win a prize each day in June.

Monthly Book Sale organized by Friends of CML will take place at the same time as the plant sale. There will be plenty of fiction this time, so you can stock up on summer reading. Find the sale in the Annex in the lower level of the library.

The summer reading program for kids of all ages begins July 1! Sign up anytime after June 13. This year, we'll have popsicles for weekly prizes (save the sticks for a building challenge to be held at the end of the summer), and fun grand prizes for the readers who finish the program, six weeks of fun reading.

Save the Dates: *American Road Trips*: a summer-long exploration in two parts. We all have stories to tell. They belong to us but share equal worth. Here's a chance to tell yours in this two-part workshop led by Nathaniel Winship. Participants will meet for an introduction and discussion on Wednesday, **June 28 at 7 pm**. At this first meeting, you can choose to borrow a book about an American road trip from those on display, or bring one from your own library. You'll have most of the summer to read the book and write a brief review or book report to bring to a follow up meeting on **August 30**.

Nonfiction Book Group will discuss *Revenge of Analog: Real Things and Why They Matter* by David Sax. Pick up a copy and join us June 13 at 7:00 pm.

Community Quilt Show from local artisans and collections will be on display through June. Each quilt has a great story, printed and displayed with it.

Tamworth History Center's current exhibit on the Boyden Family (do visit!) reminds us to tell you we have resources for searching your own family history. We provide access to Ancestry, which can be used at the library, and also HeritageQuest, a genealogy and family history resource available from any computer. You just sign in with your library card. Recently added to HeritageQuest are city directories from late 19th and early 20th centuries which provide a wealth of information.

Cook Memorial Library • 603 323-8510
