

Joining the new Tamworth Exchange Google Group – UPDATED January 2020

As of December 2019, the Tamworth Exchange was moved from Yahoo Groups to Google Groups.

How to join

The new Tamworth Exchange on Google Groups is a closed group, meaning that only members can read and post messages. The group's address is <https://groups.google.com/forum/#!forum/tamworthexchangenh>

To request membership, email Tamworth Exchange moderator Marletta Maduskuie at tamworthexchange@gmail.com. Include your name and the email address you'd like to connect to the Tamworth Exchange. It might be helpful to include your connection to Tamworth (seasonal or full-time resident, property owner, frequent visitor, etc.) Once your request has been received and accepted by the moderator, you will get an email that you've been added to the Tamworth Exchange Google Group. Follow the link in the email message to the group.

How to post messages (there are two ways)

- Once you're a member of the Tamworth Exchange Google Group, you can post messages to the Tamworth Exchange by sending an email message to tamworthexchangenh@googlegroups.com from the email account that you used to sign up for the Tamworth Exchange Google group. Note the email address for posting ends in "googlegroups.com" not "gmail.com".
- You may also post right from the Tamworth Exchange Google Groups page at <https://groups.google.com/forum/#!forum/tamworthexchangenh>. Log in to your Google account, then select "Create Post" button.

For those new to Google

To join the group, you will be asked to provide information to Google. If you already have a Google account and/or Gmail, then you have already done this. If you do not have a Google account, you may set one up, or use your non-Google email address to set up a Google account.

FAQ

For help joining, contact Tamworth Exchange moderator Marletta Maduskuie at tamworthexchange@gmail.com

For help with using Google Groups visit <https://support.google.com/groups>

If you are using a mobile device to access the Google Groups page, note that the mobile-friendly page has fewer options for posting and replying than the page that you'll see on a computer.
